Exploratory error examples and prototype retrievals
Visual similarity is descriptive; no clinical interpretation is inferred

Target C2, sequence:seq13
True 0, predicted 1; margin 0.010

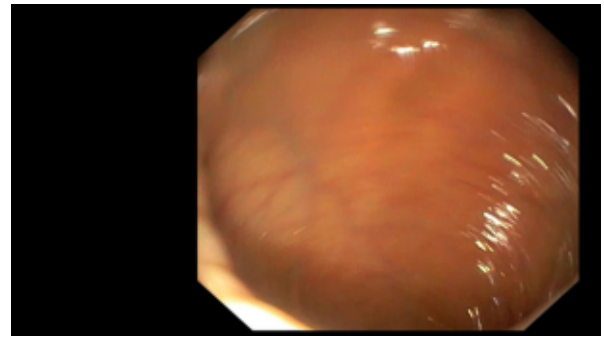

Source nearest to predicted-class prototype 0
C6, sequence:seq21; class 1

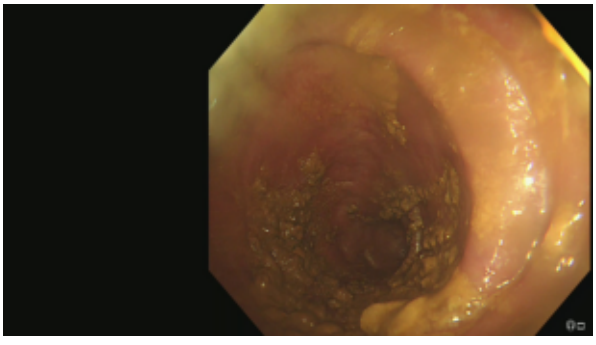

Target C2, sequence:seq12
True 1, predicted 0; margin -0.001

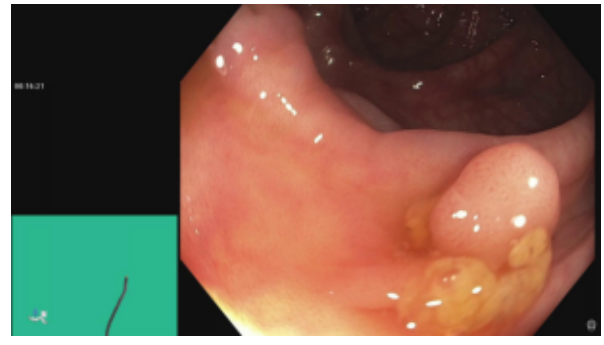

Source nearest to predicted-class prototype 0
C6, sequence:seq15_neg; class 0

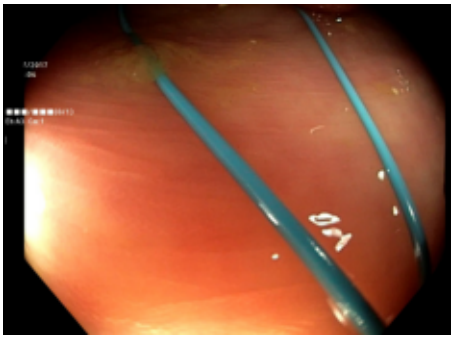

Target C5, sequence:seq12_neg
True 0, predicted 1; margin 0.007

Source nearest to predicted-class prototype 1
C4, sequence:seq2; class 1

Target C5, sequence:seq5
True 1, predicted 0; margin -0.019

Source nearest to predicted-class prototype 1
C4, sequence:seq2_neg; class 0
